CAREER OBJECTIVE

Frontend developer with over 3 years of experience designing and building responsive web applications. Proficient in HTML, CSS, JavaScript, ReactJS, and Redux. Experienced in managing multiple projects and delivering high-quality results. Eager to apply my skills in a collaborative team environment.

TECHNICAL SKILLS

HTML CSS JAVASCRIPT REACTJS REDUX NEXTJS BOOTSTRAP TAILWIND CSS

PROFESSIONAL EXPERIENCE

The School Social   **Dec 2022 - Present**

Frontend Developer

Created and maintained an interactive admin dashboard that streamlined data management processes; this tool is now utilized by over 20 team members, improving overall productivity and enabling real-time data analysis.

Tech9logy Creators Pvt. Ltd   **Jan 2022- Nov 2022**

Frontend Developer

Developed the admin panel and frontend components using ReactJS, HTML, CSS, and JavaScript. Integrated APIs for dynamic data fetching, reducing page load time by 25% and improving overall application responsiveness.

Rupyz Fintech Pvt. Ltd   **June 2021-Dec 2021**

Frontend Developer

As a Frontend Developer, I developed internal tools and applications utilizing ReactJS, Redux, HTML, CSS, and JavaScript. My work involved creating user-friendly interfaces and enhancing application performance to support various business needs.

PROJECTS

Krishi Cress

Developed the admin dashboard using ReactJS, Redux, HTML, CSS, and Bootstrap. Collaborated with backend teams for API integration and dynamic data fetching.

- **Data fetching & Visualization:** Developed Dashboards and analytical reports on vendors and users, including day-wise sales and performance metrics.
- **Order & Product Management:** Integrated functionality for adding products, tracking orders, and managing inventory. Automated calculation of order amounts and product quantities.
- **User Interface:**Implemented a responsive UI with real-time data updates, ensuring a smooth experience for administrators.

Rupyz

Spearheaded the creation and enhancement of both frontend and backend features for the Rupyz eCommerce platform, leading to a 50% increase in user engagement through improved site navigation and admin capabilities.

- Engineered a robust admin panel for vendors to monitor performance metrics in real-time, resulting in increased confidence in data accuracy; tool is now utilized by over 50 vendors, enhancing operational transparency.
- **Data Visualization:** Implemented day-wise reports and statistics to help vendors and users monitor trends and sales.
- **Website Development:** Built the user-facing website using modern web technologies (ReactJS, HTML, CSS, JavaScript) for seamless browsing and product interaction.

Ultraaura Education

Contributing to the development of a management website and admin panel for the Department of Management Studies at IIT Delhi:(ReactJS, Redux, HTML, Tailwind CSS, JavaScript)

- **Website Development:** Designed and implemented a user-friendly website for students and faculty, incorporating responsive design principles.
- **Admin Panel:** Developed an admin panel using React and Redux for efficient management of user data and administrative tasks.
- **State Management:** Utilized Redux for state management, ensuring smooth data flow and component interactions across the application.
